

## SAFETY DATA SHEET

### SECTION 1 – PRODUCT COMPANY IDENTIFICATION

<b>Product Number:</b>	<b>240055</b>
<b>Product Name:</b>	<b>Natural Blood Orange Flavor</b>
<b>Recommended Use:</b>	This product is not meant for direct consumption. Industrial flavor additive and/or food ingredient only. Review this Safety Data Sheet in its entirety before handling this product.

Supplied by:

7350 N Croname Rd, Niles IL, 60714  
P 847.324.4411 F 847.324.4410  
www.imbibeinc.com

**EMERGENCY (24 HOUR) TELEPHONE NUMBER:**  
CHEMTREC: 1-800-424-9300 in the U.S. and Canada;  
1-703-527-3887 for calls originating elsewhere or call the  
Poison Control Center

### SECTION 2 – HAZARD(S) IDENTIFICATION

**Hazard Classification:** **Flammable Liquid, Category 2**

**DANGER**

**Hazard Statement(s):** Highly Flammable liquid and vapour. May be harmful if swallowed, in contact with skin or if inhaled. Causes serious eye irritation.

**Precautionary Statement(s):** Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No Smoking. Keep container tightly closed. Use non-sparking tools. Take action to prevent static discharges. Wear protective gloves/protective clothing/eye protection/face protection. In case of fire, use a fire extinguisher to extinguish. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water. In case of fire, use a fire extinguisher to extinguish. Store in a well-ventilated place. Keep cool. Dispose of contents/container in accordance with local, regional, national, and international regulations.

### SECTION 3 – COMPOSITION / INFORMATION ON INGREDIENTS

The individual components and/or component concentrations of this product are proprietary information and considered trade secret pursuant to 29 CFR 1910.1200. This information has been withheld as trade secret.

This material may contain one or more of the following: Acetaldehyde 50%, Acetic Acid Glacial, Benzaldehyde FCC, BHA, Caffeine, Ethyl Acetate, Ethyl Alcohol, Ethyl Butyrate, Ethyl Formate, Ethyl Propionate, Furfural, Iso Amyl Acetate, Iso Amyl Alcohol, , n-Butyl Acetate, Quinine.

The material may contain additional nonhazardous ingredients.

The specific chemical identity and/or percentage of composition of this material is confidential information and is being withheld as a trade secret. The specific chemical identity and percentage of composition of this material will be made available to health professionals, employees, and designated representatives in accordance with 29 CFR 1910.1200.

### SECTION 4 – FIRST AID MEASURES

<b>Eye Contact:</b>	Hold eye open and rinse slowly and gently with water for at least 15 minutes. Remove contact lenses and continue rinsing eye. Seek medical advice if necessary.
<b>Ingestion:</b>	Seek medical advice immediately.
<b>Skin Contact:</b>	Remove contaminated clothing. Rinse skin for at least 15 minutes. Use soap if necessary. Seek medical advice if necessary.
<b>Inhalation:</b>	Provide fresh air and/or move to well ventilated area. Seek medical advice if necessary.

### SECTION 5 – FIRE-FIGHTING MEASURES

<b>Extinguisher Media:</b>	Carbon Dioxide, Dry Chemical, Foam, Water.
<b>Fire and Explosion Hazards:</b>	Container may build up pressure if exposed to heat or fire, which may result in explosion. Confined dust clouds may explode if exposed to uncontrolled ignition source and poor ventilation.
<b>Special Fire Fighting Procedures:</b>	Personal protective clothing and self-contained breathing apparatus are recommended when fighting fights involving chemicals.

### SECTION 6 – ACCIDENTAL RELEASE MEASURES

The information below includes appropriate responses to spills, leaks, or releases of this product to minimize exposure to people, properties, or the environment:

<b>Personal Precautions:</b>	Remove all ignition sources and provide sufficient ventilation. Do not inhale dust or vapors. Avoid contact with skin and eyes. Personal protective clothing and self-contained breathing apparatus are recommended when cleaning spills involving chemicals.
<b>Environmental Precautions:</b>	Consult official local regulations for appropriate disposal methods.
<b>Cleaning Procedures:</b>	Use approved vacuum for chemical spills.

### SECTION 7 – HANDLING AND STORAGE

The information below provides guidance on the safe handling and storage practices for this chemical:

<b>Safe Handling Precautions:</b>	Avoid eating, drinking, and smoking in work area. Do not inhale dust or vapors. Avoid contact with skin and eyes. Personal protective clothing and self-contained breathing apparatus are recommended when handling chemicals.
<b>Environmental Precautions:</b>	Minimize the release of the chemical into the environment. Store in a closed, sealed container until use.
<b>Recommended Storage:</b>	Store in cool, dry, well-ventilated area. Keep away from all ignition sources. Keep containers tightly closed and upright when not in use.

### SECTION 8 – EXPOSURE CONTROLS / PERSONAL PROTECTION

<b>Exposure Limits:</b>	Unavailable
<b>Engineering Controls:</b>	Provide good general ventilation in accordance with NFPA code standards. Eyewash fountain and/or safety shower is recommended in the work area.
<b>Personal Protective Measures:</b>	Avoid inhalation and contact with skin and eyes. Wear safety glasses, goggles, or face shield when eye contact may occur. Personal protective clothing and self-contained breathing apparatus are recommended when handling chemicals.

**SECTION 9 – PHYSICAL AND CHEMICAL PROPERTIES**

**Appearance:** Liquid

**Flashpoint (F):** 73°

*The following physical and chemical properties for this material are not provided because they are unavailable and/or not relevant: odor, odor threshold, pH, melting point, freezing point, initial boiling point and boiling range, evaporation rate, flammability (solid, gas), upper/lower flammability or explosive limits, vapor pressure, vapor density, relative density, solubility, partition coefficient: n-octanol/water, auto-ignition temperature, decomposition temperature, and viscosity.*

**SECTION 10 – STABILITY AND REACTIVITY**

**Reactivity:** Unavailable

**Chemical Stability:** Stable under normal ambient temperature and conditions while in storage and being handled.

**Incompatibility and Potential Hazardous Reactions:** This material should be stored separate from other chemicals. Avoid mixing this material with strong oxidizing agents, strong acids, or strong bases. Uncontrolled mixing with other chemicals may create hazardous conditions, including reactions resulting in pressure, heat, or dangerous volatiles.

**Conditions to Avoid:** Avoid storing this material near static discharge or ignition sources.

**Hazardous Decomposition:** Unknown

**SECTION 11 – TOXICOLOGICAL INFORMATION**

No applicable information was found.

**SECTION 12 – ECOLOGICAL INFORMATION**

This section has been omitted.

**SECTION 13– DISPOSAL CONSIDERATIONS**

This section has been omitted.

**SECTION 14 – TRANSPORT INFORMATION**

**DOT**

UN Number: UN1197  
Proper Shipping Name: Extracts, Liquid  
Hazard Class: 3  
Packing Group: II

**IATA**

**Explanation of Revisions:**

**DISCLAIMER:** This SDS is intended to provide a brief summary of our knowledge and guidance regarding the use of this material. The information contained here has been compiled from sources considered by Imbibe to be dependable and is accurate to the best of the Company's knowledge. It is not meant to be an all- inclusive document on worldwide hazard communication regulations.

This information is offered in good faith. Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent employee exposures, property damage or release to the environment. Imbibe assumes no responsibility for injury to the recipient or third persons, or for any damage to any property resulting from misuse of the product.
